

# FORMS YOU CAN TRUST TO GET IT RIGHT!

The image shows a male mechanic in a blue jumpsuit working on the engine of a car. The hood is open, and the mechanic is looking down at a clipboard. Overlaid on the image is the TruForm logo, which consists of a checkmark inside a square followed by the text 'TruForm™'. In the bottom left corner, there are three sample forms: 'VEHICLE INSPECTION FORM', 'VEHICLE CHECKUP EXPRESS LANE', and another 'VEHICLE CHECKUP' form. A speech bubble in the bottom right corner of the image area contains the text 'FORMS FOR: OFFICE SALES SERVICE'.

## A complete lineup of Required & Preferred Forms...

**L**ook around any department in an automotive dealership, an independent repair shop, or a tire center and you'll see plenty of FORMS. In fact, few businesses are as dependent on accurate paper documentation as the automotive business. Not just any forms will do, either, because stringent state and federal regulations often require the use of approved forms to document certain transactions and facts.

The **TruForm™** brand represents the most complete line-up of the **most required and preferred forms** in use by leading automotive businesses!

"Quality" is the best word to describe **TruForm™** products. Every form that carries the TruForm brand is produced using the highest quality stocks and inks and must pass a multi-point inspection for

consistency, readability, and ease-of-use.

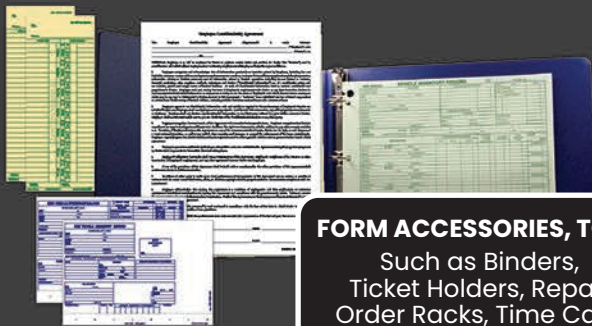

**TruForm™** products are available for the business office and accounting, sales and service departments, parts department, repair operations, and more!

Plus, if your customer needs a special form we don't carry, we'll produce it! We can produce custom forms as single-sheet or multi-part — plus, we offer options for carbonless, numbering, drilling, perforating, collating and more.

When your customer wants the best forms on the market for accuracy, organization, efficiency, and **DEPENDABLE** supply, introduce **TruForm™**, the name you can trust to get it right for ALL FORMS!
